President Johnson
1600 Pennsylvania Ave.
Washington, D. C.

Dear Mr. President,

In line with your policy of not wasting anything, I would like to suggest that the various intelligence agencies (Naval Intelligence, etc.,) of the armed forces be coordinated with the C.I.A., forming one organization. I think men, time, efficiency and consequently money would be saved if repetitious pleas for information were not the case.

Sincerely yours,

PA P
